

Requirements Detailed Report

This report displays all of the requirements defined for the current project in the order they appear in the requirements list. The requirement's details and coverage status are displayed, along with sub-tables containing the list of covering test cases, linked incidents/requirements, attached documents, associated tasks, linked artifacts and the change history

Project489:s3694521

RQ:3414-TestScenario1: SignUpTest

Scenario1: SignUpTest

Start - initialize the driver

Step1: open the My Store page

Step2: Click "sign in" button at root page

Step3: Enter exist email at sign up bar at the left side of the login page.

Step4: Enter non-registered email and click submit button and see whether the email entered just now is set automatically at email input bar

Step5: Enter all information and click submit button to jump to my account page.

Finish - Close the browser.
